ATU Local 282 Jacques Chapman Customers of Rochester-Genesee Regional Transportation Authority, Members of the Board of Commissioners, and Employees of Rochester-Genesee Regional Transportation Authority

We are pleased to submit to you the Comprehensive Annual Financial Report of the Rochester-Genesee Regional Transportation Authority (the "Authority") for the fiscal year ended March 31, 2021 and 2020.

This report has been compiled and prepared by the Authority's Management, which assumes full responsibility for the completeness and accuracy of the financial data contained herein. The information presented in this report fairly portrays the Authority's financial position and results of operations for the fiscal year ended March 31, 2021 and 2020. The Authority's Management is also responsible for establishing and maintaining effective internal control over financial reporting. The Authority's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements are free of any material statements.

The Comprehensive Annual Financial Report is presented in three sections: Introductory, Financial and Statistical. The <u>Introductory Section</u> consists of this letter of transmittal, which provides an overview of the Authority's reporting entity, economic environment, financial performance and other operational and financial information. The <u>Financial Section</u> includes the Independent Auditor's Report, Management's Discussion and Analysis (MD&A), the basic financial statements and notes thereto, required supplementary information other than MD&A for the fiscal year ended March 31, 2021 and 2020. The <u>Statistical Section</u> sets forth financial trends, revenue capacity, demographic and economic information, and operating information.

The basic financial statements of the Authority are audited each year by an independent Certified Public Accounting firm. Bonadio & Co., LLP has completed the independent audit using auditing standards generally accepted in the United States of America. The audited financial statements are included in the Financial Section of this report in their entirety and without edit.

The Authority is also required by federal and state regulations to undergo an audit of federally and state funded programs that it administers. The standards governing the Single Audit engagement require the independent auditor to report on the audited government's internal controls and compliance with laws, regulations, contracts and grants applicable to each major federal and state program. The reports related specifically to the Single Audit are issued under separate cover.

Authority Structure and Reporting Entity

The Authority is a public benefit corporation and a component unit of the State of New York. Created in 1969 by an act of the State Legislature, the Authority is charged with the continuance, further development and improvement of public transportation, and other related services within the Genesee/Finger Lakes region of the state.

In 1969, Monroe County was the sole member of the Authority. Since that time, membership in the Authority has grown to eight counties with a total land area of approximately 4,300 square miles and population of approximately 1.2 million. Current member counties include Monroe, Genesee, Livingston, Ontario, Orleans, Seneca, Wayne and Wyoming. The Authority has separate legal standing from each of the member counties.

The Authority includes the accounts of Rochester-Genesee Regional Transportation Authority, and its ten blended component units. The Authority's ten blended component units and their respective functions are below:

- Regional Transit Service, Inc. (RTS) Fixed route operations serving the urbanized areas of the City of Rochester and surrounding areas in Monroe County. RTS is by far the largest business unit representing approximately 80% of all operating expenses.
- 2. RTS Access Paratransit services which complement RTS fixed route services, in accordance with the Americans with Disabilities Act.
- 3. RTS Genesee Fixed and flexible route operations for Genesee County.
- 4. RTS Livingston Fixed and flexible route operations for Livingston County.
- 5. RTS Ontario Fixed and flexible route operations for Ontario County.
- 6. RTS Orleans Fixed and flexible route operations for Orleans County.
- 7. RTS Seneca Fixed and flexible route operations for Seneca County.
- 8. RTS Wayne Fixed and flexible route operations for Wayne County.
- 9. RTS Wyoming Fixed and flexible route operations for Wyoming County.
- 10. Genesee Transportation Council Staff, Inc. (GTCS) Administrative host agency for Genesee Transportation Council.

A Board of Commissioners (Board) with a maximum of fifteen members establishes policy and sets direction for the management of the Authority. The Commissioners are representative of the various member counties of the Authority, as well as the Amalgamated Transit Union Local 282, and are appointed by the Governor of New York State and confirmed by the New York State Senate. Board membership is apportioned among the member counties based on population.

Responsibility for the administration of the Authority rests with the Chief Executive Officer, subject to the policies and oversight of the Board of Commissioners. An organizational chart follows in this introductory section.

Economic Profile

Department of Labor employment level statistics within the service area of the Authority indicate that the jobless rate decreased from 8.2% to 6.2% over the past year. The total civilian work force over the same period increased from 565,575 to 566,760. The

combined total of retail, service, and government employment has decreased from 76.7% to 75.7% of the total work force composition. Combined manufacturing and construction employment increased from 15.4% to 15.7%, while all other types (finance, insurance, etc.) increased from 7.9% to 8.6%.

The total population of the Authority's service area has increased by 0.5% over the past ten years to just under 1.2 million. The population of the City of Rochester has increased overall by 1.9% since 2010, while the population of Monroe County outside of the City has increased by 2.0% over the same period.

As of	Mon	roe	Genesee	Livingston	Ontario	Orleans	Seneca	Wayne	Wyoming	Total

Financial Profile

Each fiscal year the Authority's Board of Commissioners adopts a Comprehensive Plan (the "Plan") that encompasses a strategic plan, operational initiatives, and a financial plan. The strategic plan identifies the strategies which support the Authority's vision and mission. The operational initiatives identify the tactics to be undertaken to achieve the strategic plan. The financial plan includes the fiscal year operating budget and capital investment plan necessary to accomplish the operational initiatives, along with a multi-year operating budget projection covering the next three fiscal years.

The Authority's fiscal year operating budget identifies the total planned operating expenditures along with revenues for the fiscal year to support the current operational initiatives and the overall strategic plan.

The Authority's annual Ten Year Capital Improvement Plan (CIP) identifies all proposed capital investments needed to support and enhance the Authority's infrastructure including replacement of revenue vehicles and other equipment; improvements to facilities; and investments in technology.

The Multi-Year Budget Forecast is a component of the sound fiscal management practices of the Authority. Using historical data, trends, known and estimated operating revenue and expense factors for all subsidiary companies, the Multi-Year Budget Forecast projects future annual net income or deficits, for three subsequent budget periods. Twice annually, the forecast is updated with the latest information to ensure that the forecast retains its relevancy. The Multi-Year Forecast enables management and the Board of Commissioners to proactively address future challenges.

The Authority uses a comprehensive performance measurement system to measure success in the achievement of clearly established metrics. This system, known as TOPS (Transit Organization Performance Scorecard), provides a comprehensive report on achievement versus goal for the critical metrics that are tied to the Authority's strategic goals. The TOPS score is reported to the Board and community on a quarterly basis to provide complete transparency of the Authority's performance. TOPS has proven to be a highly effective management tool.

Operational Accomplishments During Fiscal 2021 and Impact of COVID-19

The Authority's operational accomplishments during fiscal 2021 include, among others:

- Continued our work on Reimagine RTS, our initiative to introduce a new fixedroute network in Monroe County that will offer faster, more direct service with greater frequency and new on-demand that will further improve our customers' experience,
- Completed our new Advanced Environmental Service Building, and
- Continued readying our infrastructure to add 10 electric buses to our fleet.

In March 2020, the first case of novel coronavirus (COVID-19) was reported in the State of New York and shortly thereafter, Monroe County, the largest county in the Authority's service area, reported its first COVID-19 case. Subsequently, the World Health Organization declared the outbreak of COVID-19 a pandemic and following that, New York Governor Cuomo issued a statewide shut down of non-essential businesses. The Authority, following guidance of Local, State and Federal officials, took several steps to ensure customer and employee safety and accordingly, instituted free fares and rear door entry throughout our service area, implemented enhanced vehicle and facility cleaning procedures and directed all non-essential employees to work from home. In July 2020, fare collection and front door entry resumed and non-essential employees began returning to work, while the enhanced cleaning procedures continued. Throughout the course of fiscal 2021, the impact of these measures and the community response to COVID-19 was both operational and financial due to reductions in ridership and multiple revenue streams, as well as State operating assistance.

The Authority's reliance on State funding is noted throughout these financial statements, as well as in our operating budget and future budgetary projections. To support ongoing service and provide near-term financial stability, the following legislation was passed:

- The Coronavirus Aid, Relief, and Economic Security (CARES) Act, passed by Congress and signed by the President on March 27, 2020, made available to the Authority approximately \$45 million in Federal funding, all of which is reflected as Federal operating assistance in these financial statements.
- The Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA), passed by Congress and signed by the President on December 27, 2020, made available to the Authority approximately \$23.5 million in Federal funding, all of which is reflected as Federal operating assistance in these financial statements.
- The American Rescue Plan Act of 2021, passed by Congress and signed by the President on March 11, 2021, made available to the Authority approximately \$45.5 million in Federal funding, which will be reflected in future years' financial statements.

While the uncertainties caused by the pandemic are considered temporary and the funding noted above is adequate to allow the Authority to support ongoing service and provide near-term financial stability, the longer-term financial impact on our essential service, public transportation, is still not reasonably predictable at this time as ridership across the industry has still not recovered to pre-pandemic levels.

Other Information

Independent Audit The goal of the independent audit was to provide a reasonable assurance that the financial statements of the Authority for the fiscal years ended March 31, 2021 and 2020, were free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Authority's financial statements for the fiscal years ended March 31, 2021 and 2020, are fairly presented in conformity with Generally Accepted Accounting Principles (GAAP). The independent auditor's report is presented as part of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Authority's MD&A can be found on page 4 of this document, immediately following the report of the independent auditors.

<u>Awards</u> We proudly note that for the fifteenth consecutive year, the Government Finance Officers Association (GFOA) has awarded the Authority with a Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report inclusive of fiscal year ended March 31, 2020. The Certificate of Achievement is valid for a period of one year. We believe that the current Comprehensive Annual Financial Report continues to meet the requirements for the Certificate of Achievement and will submit it to the GFOA review panel for determination of eligibility for another certificate.

<u>Acknowledgements</u> The publication of this report is a reflection of the level of excellence and professionalism of the Authority's management and staff. This report significantly improves the accountability of the Authority to other governmental entities that provide financial assistance to the Authority and, of course, to the taxpayers who ultimately support all levels of public service. We would like to express our appreciation to the staff of the Accounting Department who contributed to the preparation of this report.

INDEPENDENT AUDITOR'S REPORT

June 24, 2021

To the Commissioners of Rochester-Genesee Regional Transportation Authority:

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and aggregate remaining fund information of Rochester-Genesee Regional Transportation Authority (the "Authority," a New York State public benefit corporation, a discretely presented component unit of the State of New York) as of and for the years ended March 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

171 Sully's Trail Pittsford, New York 14534 p (585) 381-1000 f (585) 381-3131

INDEPENDENT AUDITOR'S REPORT

(Continued)

Opinion

In our opinion, the financial statements, referred to above present fairly, in all material respects, the respective financial position of the business-type activities and aggregate remaining fund information of the Authority as of March 31, 2021 and 2020, and the respective changes in its financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Change in Accounting Principle

As described in Note 2 to the financial statements, the Authority adopted new accounting guidance, GASB statement No. 84, *Fiduciary Activities*. As a result, a net adjustment was made to restate fiduciary net position at April 1, 2019 and 2020 of the aggregate remaining fund information. Our opinions are not modified with respect to this matter.

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of changes in total OPEB liability and related ratios, proportionate share of net pension liability, and contributions – pension plans, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The combining blended component unit financial statements and combining financial statements pension trust and other employee benefit funds are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Statements of Fiduciary Net Position and Other Employee Benefit Trust Funds and Statements of Changes in Net Position and Other Employee Benefit Trust Funds (the combining blended component unit financial statements) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining blended component unit and pensions and other employee benefit trust fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2021, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Bonadio & Co., LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) AS OF AND FOR THE YEARS ENDED MARCH 31, 2021 AND 2020

This Management's Discussion and Analysis (MD&A) of the Rochester-Genesee Regional Transportation Authority (the Authority) financial statements provides an overview of the Authority's financial activity for the years ended March 31, 2021 and 2020. Please read this MD&A in conjunction with the Authority's basic financial statements and footnotes, which follow this section.

The Authority's basic financial statements consist of a statement of net position; a statement of revenue, expenses, and changes in net position; a statement of cash flows; statement of fiduciary net position pension and other employee benefit trust funds; statements of change in net position and other employee benefit and notes to the financial statements. The statements of net position provide a snapshot of the Authority's financial condition at March 31, 2021 and 2020. The statements of revenues, expenses, and changes in net position report the results of the Authority's operations and activities for the years ended March 31, 2021 and 2020. Finally, the statements of cash flows report the Authority's sources and uses of cash from operations, noncapital financing, capital and related financing, and investing activities for the years ended March 31, 2021 and 2020.

FINANCIAL HIGHLIGHTS

- As more fully described below, the Authority experienced an increase in net position of approximately \$41.9 million in fiscal 2021, compared with a decrease of \$16.4 million in fiscal 2020. The increase in net position for fiscal 2021 was primarily impacted by \$68.5 million in federal operating assistance intended to assist the Authority in mitigating the financial and operational impacts of the COVID-19 pandemic. The decrease in net position for fiscal 2020 was primarily impacted by fluctuations in our actuarially determined liabilities for other postemployment benefits (OPEB) and pension costs.
- The Authority's single most significant asset classification is capital assets. The Authority reported capital assets, net of depreciation, totaling approximately \$150.6 million, \$140.3 million and \$141.9 million for fiscal 2021, fiscal 2020 and fiscal 2019, respectively. The fluctuations in capital assets during these periods is the result of ongoing depreciation offset by additions attributable to infrastructure improvement projects at several of our operations. In fiscal 2021, RTS Monroe completed the Advanced Environmental Service Building (\$10.9 million) and the addition of 10 electric buses (\$9.0 million).
- The Authority experienced an increase in its unrestricted net position during fiscal 2021 after experiencing a decrease during fiscal 2020. The Authority's unrestricted net position was \$(60.5) million, \$(92.1) million and \$(77.2) million for fiscal years 2021, 2020 and 2019, respectively. These fluctuations are mainly the result of the factors noted above and discussed in more detail later in this MD&A.

FINANCIAL ANALYSIS OF THE AUTHORITY AS A WHOLE

Condensed Schedule of Net Position (in millions)

The condensed schedule of net position below provides a snapshot of the financial condition of the Authority as of March 31;

		<u>2021</u>		<u>2020</u>		<u>2019</u>
Assets: Current and other						
Current and other	\$	115.3	\$	72.3	\$	69.1
Capital, net of accumulated depreciation	Ţ	150.6	Ŧ	140.3	Ţ	141.9
			-			
Total assets		265.9		212.6		211.0
Deferred outflows		<u>29.4</u>		<u>35.3</u>		<u>5.9</u>
Total assets and deferred outflows of resources						
	<u>\$</u>	295.3	<u>\$</u>	247.9	<u>\$</u>	216.9
Liabilities: Current		24.4		25.4		22.5
Long-term		157.4		<u>165.1</u>		123.1
Total liabilities		181.8		190.5		145.6
Deferred inflows		23.4		<u>9.2</u>		<u>6.6</u>
Net Position:						
Net investment in capital assets Unrestricted		150.6 (60.5)		140.3 (92.1)		141.9 (77.2)
		(00.5)		(52.1)		(11.2)
Total net position	<u>\$</u>	90.1	<u>\$</u>	48.2	<u>\$</u>	64.7
Total liabilities, deferred inflows of resources and						
net position	<u>\$</u>	295.3	<u>\$</u>	247.9	<u>\$</u>	216.9

FINANCIAL ANALYSIS OF THE AUTHORITY AS A WHOLE (Continued) Condensed Schedule of Net Position (Continued)

Total assets at March 31, 2021 were \$265.9 million, an increase of \$53.3 million from \$212.6 million at March 31, 2020. Total assets at March 31, 2020 represented an increase of \$1.4 million from \$211.1 million in total assets at March 31, 2019. The increase in total assets from fiscal 2020 to fiscal 2021 was largely the result of federal operating assistance intended to assist the Authority in mitigating the financial and operational impacts of the COVID-19 pandemic and the impact of completing the Advanced Environmental Service Building and adding 10 electric buses, both at RTS Monroe. The increase in total assets from fiscal 2019 to fiscal 2020 was mainly the result of movements in accounts receivable due to timing and fluctuations in capital assets as a result of ongoing depreciation offset by fixed asset additions attributable to infrastructure improvements and planned replacement of revenue vehicles.

Broken down by category:

- Current and other assets totaled \$115.3 million in fiscal 2021, increasing by 43.1 million from \$72.2 million in fiscal 2020, and increasing by \$3.0 million from \$69.1 million in fiscal 2019. The increase from fiscal 2020 to fiscal 2021 was driven mainly by the impact of federal operating assistance intended to assist the Authority in mitigating the financial and operational impacts of the COVID-19 pandemic. The increase from fiscal 2019 to fiscal 2020 was driven mainly by movements in receivables as a result of timing.
- Capital assets, net of accumulated depreciation, finished fiscal 2021 at \$150.6 million, an increase of \$10.3 million from \$140.3 million for fiscal 2020, a decrease of \$1.6 million from \$141.9 million for fiscal 2019. The increase from fiscal 2020 to fiscal 2021 was mainly the result of completing the Advanced Environmental Service Building and adding 10 electric buses, both at RTS Monroe, offset by ongoing depreciation. The decrease from fiscal 2019 to fiscal 2020 was the mainly the result of ongoing depreciation.

Total liabilities, both current and long-term, were \$181.8 million, \$190.5 million and \$145.6 million as of March 31, 2021, 2020 and 2019, respectively. When broken down between current and long-term:

- Current liabilities totaled \$24.4 million for fiscal 2021, down \$1.0 million from fiscal 2020 as a result
 of decreases to accounts payable driven by timing partially offset by an increase in the reserve for
 litigated and unlitigated claims driven by changes in certain reserve estimates. Current liabilities
 totaled \$25.4 million for fiscal 2020, up \$2.9 million from fiscal 2019 as a result of increases to
 accounts payable driven by both timing and an increase in payables attributable to capital projects.
- Long-term liabilities decreased by \$7.7 million for fiscal 2021 and increased by \$42.0 million for fiscal 2020, compared with the same prior year periods. The decrease from fiscal 2020 to fiscal 2021 was mainly driven by a decrease the Authority's net pension liability due mainly to the impact of favorable investment returns on pension plan assets during fiscal 2021. The increases from fiscal 2020 was mainly driven by increases in the Authority's actuarially determined liabilities for other postemployment benefits and its pension plans due mainly to the impact of assumption changes.

The overall net position of the Authority increased by \$41.9 million for fiscal 2021 and decreased by \$16.5 million for fiscal 2020 when compared with the same prior year periods. These fluctuations were mainly impacted by the factors noted above.

FINANCIAL ANALYSIS OF THE AUTHORITY AS A WHOLE (Continued) Condensed schedule of revenue, expenses, and change in net position (in millions)

The condensed schedule of revenue, expenses and change in net position below provides a snapshot of the financial activities of the Authority as of March 31:

	2021	2020	2019
Operating revenue:			
Customer fares	\$ 3.5	\$ 8.9	\$ 9.7
Special fares	1.0	16.3	15.9
Other	1.4	2.0	1.8
Total operating revenue	<u> </u>	27.2	<u> </u>
Operating expenses:			
Salaries and benefits	82.0	89.2	78.2
Non-personnel	23.4	23.7	22.6

The Authority's operating revenue totaled \$5.9 million, \$27.2 million and \$27.4 million for fiscal 2021, 2020 and 2019, respectively, decreasing by \$21.3 million, \$0.2 million and \$0.1 million, respectively, from the same prior year periods. The Authority has two direct sources of operating revenue:

- Customer fare revenue decreased by \$5.4 million and \$0.8 million in both fiscal 2021 and fiscal 2020 when compared with the same prior year periods. The decreases in fiscal 2021 and fiscal 2020 were mainly impacted by declines in ridership of 47.8% and 3.2%, respectively, due mainly to the impact of the COVID-19 pandemic. Customer fare revenue consists of cash fares paid on the bus and fare media sales to individual customers and various local agencies that distribute bus passes to their clients.
- Special fare revenue decreased by \$15.3 million in fiscal 2021 compared with a \$0.4 increase in fiscal 2020, both compared with the same prior year periods. The decrease in fiscal 2021 was due exclusively to the impact of the COVID-19 pandemic on contracts the Authority maintains with businesses and organizations throughout its service area. The increase in fiscal 2020 was due mainly to fluctuations in the mix of service provided to the Authority's two largest customers at that time.

FINANCIAL ANALYSIS OF THE AUTHORITY AS A WHOLE (Continued) Condensed schedule of revenue, expenses, and change in net position (Continued)

• Other revenue in fiscal 2021 of \$1.4 million decreased when compared with \$2.0 million for fiscal 2020. Other revenue consists of reimbursements and recoveries in the areas of warranty and liability claims, among others, and fluctuates based on the variable nature of these items from year-to-year.

The Authority also has non-operating income (expense), the major components of which are operating assistance subsidies, investment earnings, mortgage recording tax and other items such as gains and losses from various financial transactions.

The Authority receives external operating assistance subsidies from the Federal Government, the State of New York and each of our county service areas.

Federal operating assistance is broken into three major categories for the Authority, which are commonly known as Section 5307, Section 5311, and grants for the Genesee Transportation Council. The Section 5307 aid is awarded to public transportation providers across the country based upon congressional appropriations and is allocated using a complex formula combining elements of population, revenue miles, customers, and other factors. Historically, the Authority allocates approximately one-third of the annual Section 5307 funding to offset preventive maintenance costs within the operating budget. The federal operating assistance of \$77.8 million received during fiscal 2021 increased by \$67.0 million compared with \$10.8 million received during fiscal 2020 and included \$68.5 million of federal operating assistance intended to assist the Authority in mitigating the financial impact to operations caused by the COVID-19 pandemic. Federal operating assistance decreased by \$1.5 million from fiscal 2019 to fiscal 2020 as a result of fluctuations in the Authority's preventive maintenance allocation.

The largest single source of external operating assistance is provided by the State of New York in the form of Statewide Mass Transit Operating Assistance (STOA). STOA, which comprises the majority of the Authority's State aid, is provided to the Authority based on a variety of funding formulas and through New York State taxes, primarily the Petroleum Business Tax. The Authority received \$39.2 million in STOA during fiscal 2021, a \$5.9 million decrease from the \$45.1 million in STOA during fiscal 2020 and a \$3.9 increase from the \$41.2 million received during fiscal 2019.

Each county that the Authority provides service in is required to fund operations based on New York State Transportation Law Section 18B, which requires that each member county of the Authority annually provide a fixed annual operating subsidy for public transportation services provided within their respective jurisdictions. The combined total of these annual subsidies was \$3.8 million for fiscal 2021 and \$3.9 million for each of fiscal 2020 and 2019.

With regard to the other components of non-operating income (expense) when compared with the same prior year periods, the most significant of which is mortgage recording tax revenue derived from the recording of mortgages in each of the counties in which the Authority provides service. For fiscal 2021 and fiscal 2020, mortgage recording tax revenue increased by \$2.9 million and \$0.7 million, respectively, as a result of favorable conditions in the local real estate market.

FINANCIAL ANALYSIS OF THE AUTHORITY AS A WHOLE (Continued) Condensed schedule of revenue, expenses, and change in net position (Continued)

The last component of Authority revenue is provided for capital purchases and labeled capital contribution. The capital contribution is received from the Federal Government, New York State and the Authority. The standard share allocation is 80% Federal, 10% New York State, and 10% from the Authority, though this allocation may vary from time to time. The capital contribution for fiscal 2021 increased by \$12.3 million, compared with a \$2.3 million increase in fiscal 2020, mainly as a result of the mix of projects occurring during each of those fiscal years.

The following chart shows the use of the capital contributions for the fiscal years ended March 31:

	2021		2020		2019
Capital contribution for:					
Building and structures	\$	13.3	\$ 3.0	\$	2.6
Vehicles		11.3	9.3		7.1
Other equipment		0.2	0.9		1.3
Computer equipment		3.0	 2.3		2.2
Total capital contribution	<u>\$</u>	27.8	\$ 15.5	\$	13.2

Operating expenses

The Authority's operating expenses (excluding depreciation) for fiscal 2021 were \$105.4 million, down \$7.5 million when compared with \$112.9 million for fiscal 2020 and up \$12.1 million when compared with \$100.8 million for fiscal 2019. As described in more detail below, operating expenses were impacted by fluctuations in a number of areas during fiscal 2021 when compared with the same prior year periods.

The following chart breaks down the Authority's salaries and benefits expense for the fiscal year ended March 31:

	<u>2021</u>	2020	2019
Salaries and benefits:			
Wages	<u>\$51.4</u>	<u>\$ 51.4</u>	<u>\$ 49.2</u>
Benefits:			
FICA and Medicare	3.8	3.8	3.7
Health, dental and vision	23.0	23.6	17.6
Pension	0.2	7.4	3.3
Workers' compensation	2.8	2.2	3.3
Other	0.8	0.8	1.1
Total benefits	30.6	37.8	29.0
Total salaries and			
benefits	<u>\$ 82.0</u>	<u>\$ 89.2</u>	<u>\$ 78.2</u>

The Authority's wages for fiscal 2021 remained constant compared with fiscal 2020 as a result of efforts to control costs relative to operational needs, compared with a \$2.2 million increase to \$51.4 million from fiscal 2019 to fiscal 2020 as a result of a cost of living adjustment for employees and the mix of labor required to provide service.

The Authority's employee benefits costs decreased by \$7.2 million in fiscal 2021, due largely to a decrease in pension expense primarily impacted by favorable market returns for the Authority's pension plans, partially offset by an increase in workers' compensation expense driven by the claims paid during the fiscal year. Employee benefits costs increased in fiscal 2020 by \$8.8 million, mainly as a result of increases driven by assumption changes in the actuarially determined net pension costs and other postemployment benefit expenses.

FINANCIAL ANALYSIS OF THE AUTHORITY AS A WHOLE (Continued) Condensed schedule of revenue, expenses, and change in net position (Continued)

The following chart breaks down the Authority's non-personnel expenses for the fiscal years ended March 31:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Non-personnel:			
Materials and supplies	\$ 9.1	\$ 10.1	\$ 10.6
Services	8.5	8.6	7.6
Utilities	1.0	0.9	1.0
Litigated and unlitigated			
claims	3.5	1.7	1.6
Miscellaneous	 1.3	 2.3	 1.8
Total non- personnel	\$ 23.4	\$ <u>23.6</u>	\$ 22.6

The Authority's non-personnel expenses include a variety of categories, such as materials and supplies which includes fuel and lubricants, bus parts and shop supplies; contracted services; utilities; casualty and liability insurance cost; and miscellaneous items. The Authority's non-personnel expense for fiscal 2021 decreased by \$0.2 million from fiscal 2020, impacted by several factors, including:

- A decrease of \$1.0 million in materials and supplies, mainly as a result of a decrease in fuel purchases driven by the operational impacts of the COVID-19 pandemic, and
- An increase of \$1.7 million in litigated and unlitigated claims, mainly as a result of adjustments to claims reserves.

The Authority's non-personnel expense for fiscal 2020 increased by \$1.0 million from fiscal 2019, impacted by several factors, including:

- An increase of \$1.0 million in services, mainly as a result of an increase in contracted services,
- An increase of \$0.5 million in miscellaneous expenses, mainly as a result of an increase to the allowance for doubtful accounts in connection with the COVID-19 pandemic, and
- A decrease of \$0.5 million in materials and supplies, mainly as a result of decreased parts costs.

CAPITAL ASSETS

The Authority's capital assets, net of depreciation, are presented in the chart below for the fiscal years ended March 31:

		<u>2021</u>	2020	<u>2019</u>
Capital assets, net:				
Land and improvements	\$	9.1	\$ 9.3	\$ 9.6
Construction in process		5.2	10.1	3.2
Building and structures		73.6	63.7	65.5
Revenue vehicles		46.4	44.2	49.9
Non-revenue vehicles		0.4	0.5	0.6
Maintenance		6.0	3.4	3.5
Other equipment		4.3	5.3	5.3
Leasehold improvements		0.9	1.0	1.0
Computer equipment		4.7	 2.8	 3.3
Total capital assets, net	<u>\$</u>	<u>150.6</u>	\$ 140.3	\$ <u>141.9</u>

More detail regarding the Authority's capital asset activity can be found in Note 4, Capital Assets, to these financial statements.

FACTORS IMPACTING THE AUTHORITY'S FUTURE

As a component of its comprehensive plan, the Authority develops a multi-year budget projection to alert the Authority's Board of Commissioners, customers, and the community at large of the future challenges and opportunities that may impact the Authority's ability to meet its mission and vision. The current version of the multi-year budget projection contemplates the traditionally inherent structural imbalance that public transportation faces with the fiscal challenges of both our federal and state governments along with expense growth required to maintain service levels equal to today. The Authority's Comprehensive Plan includes future budgetary projections as well as the overall strategic plan and can be reviewed by visiting the Authority's website at <u>www.myrts.com/About-Us</u> or by contacting the Authority's Financial Management as noted below.

In March 2020, the first case of novel coronavirus (COVID-19) was reported in the State of New York and shortly thereafter, Monroe County, the largest county in the Authority's service area, reported its first COVID-19 case. Subsequently, the World Health Organization declared the outbreak of COVID-19 a pandemic and following that, New York Governor Cuomo issued a statewide shut down of non-essential businesses. The Authority, following guidance of Local, State and Federal officials, took several steps to ensure customer and employee safety and accordingly, instituted free fares and rear door entry throughout our service area, implemented enhanced vehicle and facility cleaning procedures and directed all non-essential employees to work from home. In July 2020, fare collection and front door entry resumed and non-essential employees began returning to work, while the enhanced cleaning procedures continued. Throughout the course of fiscal 2021, the impact of these measures and the community response to COVID-19 was both operational and financial due to reductions in ridership and multiple revenue streams, as well as State operating assistance.

The Authority's reliance on State funding is noted throughout these financial statements, as well as in our operating budget and future budgetary projections. To support ongoing service and provide near-term financial stability, the following legislation was passed:

- The Coronavirus Aid, Relief, and Economic Security (CARES) Act, passed by Congress and signed by the President on March 27, 2020, made available to the Authority approximately \$45 million in Federal funding, all of which is reflected as Federal operating assistance in these financial statements.
- The Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA), passed by Congress and signed by the President on December 27, 2020, made available to the Authority approximately \$23.5 million in Federal funding, all of which is reflected as Federal operating assistance in these financial statements.
- The American Rescue Plan Act of 2021, passed by Congress and signed by the President on March 11, 2021, made available to the Authority approximately \$45.5 million in Federal funding, which will be reflected in future years' financial statements.

While the uncertainties caused by the pandemic are considered temporary and the funding noted above is adequate to allow the Authority to support ongoing service and provide near-term financial stability, the longer-term financial impact on our essential service, public transportation, is still not reasonably predictable at this time as ridership across the industry has still not recovered to pre-pandemic levels.

CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT

This MD&A and condensed financial information is designed to provide our customers, taxpayers, citizens of our service area, investors and creditors with a general overview of the Authority's finances and demonstrate the Authority's accountability for the funds it receives. If you have any questions about this report, please contact Scott M. Adair, Chief Financial Officer, Rochester-Genesee Regional Transportation Authority, 1372 East Main Street, Rochester, New York 14609 or sadair@myrts.com.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2021 AND 2020

1. BASIS OF PRESENTATION

The Organization

The Rochester-Genesee Regional Transportation Authority (the Authority or RGRTA) was created in 1969 by an act of the New York State Legislature to provide for the continuance, further development and improvement of public transportation and other related services within the Genesee-Finger Lakes Region. The Authority is subject to regulation by the Comptroller and Department of Transportation of the State of New York with respect to the maintenance of its accounting records. The Authority is considered a discretely presented component unit of New York State because of the significance of its operational and financial relationship with New York State. The Authority's 15-member Board of Commissioners is recommended by the respective local governing body, appointed by the governor of New York State, and confirmed by the New York State Senate. Financial support from New York State includes annual appropriations to help meet operating expenditures.

Financial Statements

The financial statements of the Authority include the accounts of RGRTA, and its ten (10) blended component units for which the Authority is financially accountable and operationally responsible. The Authority's 15-member Board of Commissioners is comprised of individuals from each member county and a representative from the Amalgamated Transit Union, Local 282, AFL-CIO (the ATU). The Board of Commissioners oversees public transportation for its member counties: Monroe, Genesee, Livingston, Ontario, Orleans, Seneca, Wayne and Wyoming Counties. The Authority's Board also serves as the board for Genesee Transportation Council Staff, Inc. (GTCS), an entity which serves as the administrative host agency for the Genesee-Finger Lakes Region; GTCS is reported herein as a blended component unit. The ten component units are legally separate organizations and are collectively referred to as "the Organizations."

Based on the foregoing criteria, RGRTA and the following blended component units have been audited and are included in the financial statements:

- Regional Transit Service, Inc., d/b/a RTS (RTS)
- Lift Line, Inc., d/b/a RTS Access (Access)
- Batavia Bus Service, Inc., d/b/a RTS Genesee (Genesee)
- Livingston Area Transportation Service, Inc., d/b/a RTS Livingston (Livingston)
- County Area Transit System, Inc., d/b/a RTS Ontario (Ontario)
- Orleans Transit Service, Inc., d/b/a RTS Orleans (Orleans)
- Seneca Transit Service, Inc., d/b/a RTS Seneca (Seneca)
- Wayne Area Transportation Service, Inc., d/b/a RTS Wayne (Wayne)
- Wyoming Transit Service, Inc., d/b/a RTS Wyoming (Wyoming)
- Genesee Transportation Council Staff, Inc.

Significant inter-entity accounts and transactions have been eliminated in the accompanying financial statements.

In addition, the Authority's financial statements include fiduciary fund component units that are used to account for resources held in a trustee capacity for the benefit of partis outside of the Authority. Fiduciary funds are not reported in the Authority's consolidated financial statements because the resources of those funds are not available to support the Authority's own programs.

1. BASIS OF PRESENTATION (continued)

The Authority's fiduciary funds are collectively reported as Pension Trust Funds and include the following as detailed in the Combining Schedules of the Supplementary Information:

- Retirement Plan for Union Employees of Regional Transit Service, Inc.,
- Retirement Plan for General Administrative and Supervisory (Non-Union) Employees of Regional Transit Service, Inc.,
- Retirement Plan for Union Employees of Lift Line, Inc., and
- Retirement Plan for Non-Union Employees of Lift Line, Inc. and Rural Properties.

Detail information about the pension plans' fiduciary net positions are available in separately issued financial reports and can be obtained by contacting management of the Authority at Rochester-Genesee Regional Transportation Authority, 1372 East Main Street, Rochester, New York 14609.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Measurement Focus and Basis of Accounting

The Authority's financial statements have been prepared in conformity with accounting principles generally accepted in the United States as set forth by the Governmental Accounting Standards Board (GASB). The Authority operates as a proprietary fund and utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or an economic asset is used. Fund equity is classified as net position (deficit).

The Statements of Fiduciary Net Position present financial information about the assets, liabilities and the fiduciary net position held in trust of the fiduciary funds of the Authority. The Statement of Changes in Fiduciary Net Position presents fiduciary activities of the fiduciary funds as additions and deductions to the net fiduciary net position.

Recently Adopted and Issued Accounting Pronouncements

The following GASB Statements became effective for the fiscal year ended March 31, 2021:

- GASB statement No. 83, Certain Asset Retirement Obligations.
- GASB statement No. 84, *Fiduciary Activities*.

The effects of adopting GASB statement No. 84 are fully described in Note 2 which includes a restatement to fiduciary net position of as of April 1, 2020.

The following GASB statements were issued recently, but not effective for the fiscal year ended March 31, 2021. We will be evaluating the potential impact of adopting these Statements in future years:

- GASB statement No. 87, *Leases*, effective for reporting periods beginning after June 15, 2021.
- GASB statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements.
- GASB statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction* Period, effective for reporting periods beginning after December 15, 2020.
- GASB statement No. 90, *Majority Equity Interests An Amendment of GASB Statements No. 14 and No.* 61.
- GASB statement No. 91, *Conduit Debt Obligations*, effective for reporting periods beginning after December 15, 2021.
- GASB statement No. 92, *Omnibus 2020*, effective for reporting periods beginning after June 15, 2021.
- GASB statement No. 93, *Replacement of Interbank Offered Rates*, effective for reporting periods beginning after June 15, 2021.
- GASB statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, effective for reporting periods beginning after June 15, 2022.

Recently Adopted and Issued Accounting Pronouncements (continued)

GASB statement No. 96, Subscription-Based Information Technology Arrangements, effective for reporting periods beginning after June 15, 2022.

• GASB statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans-an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32, effective for reporting periods beginning after June 15, 2021.

The effective dates noted above reflect the revised guidance prescribed in GASB statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, issued in May 2020 and effective upon issuance.

Classification of Net Position

GASB requires the classification of net position into three components - net investment in capital assets; restricted and unrestricted. The Authority's proprietary fund does not have restricted net position as of March 31, 2021 or 2020. Fiduciary Fund net position is restricted for pension benefits.

The classifications the Authority has are defined as follows:

- Net investment in capital assets This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Unrestricted This component of net position consists of net position that do not meet the definition of "net investment in capital assets" or "restricted."

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2020 financial statements to conform to the current year presentation.

Restatement

The Authority retrospectively adopted GASB statement No. 84, *Fiduciary Activities* (Statement No. 84), during the year ended March 31, 2021. Statement No. 84 establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Governments with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position. This Statement describes four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria.

In accordance with this Statement, the Authority has a fiduciary component unit for their four single employer retirement plans, as more fully described in Note 5, which is presented in the statements of fiduciary net position and statements of changes in fiduciary net position. As a result, beginning cash and net position were adjusted as noted below:

	Fiduciary Activities					
		Cash		Net Position		
Balance at March 31, 2019, as previously reported	\$	-	\$	-		
Restatement of beginning balance - Adoption of GASB Statement No. 84		83,628,244		83,628,244		
Balance at April 1, 2019, as restated		83,628,244		83,628,244		
Net (decrease) in fiduciary net position during fiscal year ending March 31, 2020, as restated due to Adoption of						
GASB statement No. 84		(797,362)		(797,362)		
Balance at March 31, 2020, as restated	\$	82,830,882	\$	82,830,882		

Cash and Equivalents

Cash and equivalents includes cash on hand, money market accounts, U.S. Treasury notes and certificates of deposit with an initial term of three months or less not reserved for a board designated purpose.

Trade Receivables

Trade receivables consist primarily of amounts due from customers for services provided and for advertising. Management records an allowance for doubtful accounts based on past collection experience and an analysis of outstanding amounts. When appropriate collection efforts are exhausted, the account is written off. Management has established an allowance for doubtful accounts for the years ended March 31, 2021 and 2020 in the amount of \$1,038,577 and \$1,497,585, respectively.

Mortgage Recording Tax

The Authority receives a portion of mortgage recording tax equal to \$0.25 for every \$100 of borrowings in the form of new mortgages and the refinancing of existing mortgages from the counties in which the component units conduct operations, not including mortgages of taxexempt organizations. The amounts earned during the year have been recorded as mortgage recording tax in the accompanying statements of revenue, expenses and changes in net position. Any amounts due but not yet collected have been recorded as mortgage tax receivable in the accompanying statements of net position. As management considers the mortgage tax receivable to be fully collectible, no allowance for doubtful accounts has been established.

Operating Assistance and Capital Grants

The Authority and the Organizations receive operating and capital assistance subsidies and grants from the U.S. Department of Transportation under operating and capital assistance grant contracts. The Organizations also receive operating and capital assistance from the New York State Department of Transportation and local counties based on legislated awards. The amounts received or contractually receivable under such grants have been recorded as external operating assistance subsidies in the accompanying statements of revenue, expenses and changes in net position. These amounts are obtained on an annual basis. Continued operations

depend upon receipt of such subsidies in future years. Management historically has considered operating and capital assistance receivables to be fully collectible and historically has not established an allowance for doubtful accounts. However, for the fiscal year ended March 31, 2021, an allowance for doubtful accounts was established in the amount of \$8,992,737 for appropriated operating assistance that the Authority has not yet received as a result of the COVID-19 pandemic for which timing and likelihood of receipt is uncertain.

Materials and Supplies Inventory

Materials and supplies inventory consists primarily of replacement parts for buses and is recorded at the lower of cost determined on a first in, first out basis or market. An allowance for obsolete inventory is maintained based on a review of inventory on hand. Management has recorded an allowance for obsolete inventory of \$113,069 for each of the years ended March 31, 2021 and 2020.

Prepaid Expenses and Other Current Assets

Prepaid expenses represent amounts paid for insurance as well as workers' compensation premiums that extend beyond the current reporting period and therefore will not be recognized as an expense until a future period.

Capital Assets

Capital assets are recorded at cost. The Authority and the Organizations capitalize all expenses for capital assets in excess of \$5,000 and which have useful lives greater than one year.

Depreciation is provided on a straight-line basis over the estimated useful lives as follows:

Land improvements	5 - 10 years
Buildings and structures	2 - 40 years
Revenue vehicles	4 - 12 years
Non-revenue vehicles	2 - 5 years
Maintenance equipment	4 - 10 years
Other equipment	2 - 10 years
Computer equipment	3 - 10 years

Leasehold improvements are amortized over the shorter of the remaining lease term or the asset's estimated useful life.

Investments

Investments in government securities are recorded at their fair value based on quoted market prices and valuations provided by external parties. Unrealized gains or losses on such investments result from differences between the cost and fair value of investments on a specified valuation date. Gains and losses in the fair value are reported in the statements of revenue, expenses and changes in net position. Investment income is recognized on the accrual basis; dividends are recorded on the ex-dividend date.

The Authority has classified certain investments as current assets on the accompanying statement of net position as it is reasonably expected that they could be utilized in the next fiscal year.

Authority Subsidies

Annually, RGRTA subsidizes the operations of the Organizations, except for GTCS, based on each respective Organizations' operating results. In order to determine the annual subsidy, certain operating and non-operating revenues and external operating subsidies are reduced by certain operating and non-operating expenses and locally funded depreciation. If the result is a deficit, that amount will be recorded as operating subsidies, or re-allocations back to the Authority.

No cash is ever transferred to or from the Organizations related to these subsidies. Therefore, each year the value of the receivable/payable recorded at year-end is recorded as a write-off of inter-entity accounts on the accompanying statements of revenue, expense and changes in net position.

Revenues

Amounts reported as operating revenue are from providing services in connection with the Authority's and the Organizations' ongoing transportation operations. The principal operating revenues of the Organizations include customer fares, special transit fares, advertising, and various other recoveries and reimbursements. All revenues not meeting this definition are reported as non-operating revenues.

Expenses

Amounts reported as operating expenses are from providing services in connection with the Authority's and Organizations' ongoing transportation operations. The principal operating expenses of the Authority and the Organizations include salaries, employee benefits, material and supplies, outside services, casualty and insurance claims, utilities and depreciation. All expenses not meeting this definition are reported as non-operating expenses.

Capital Contributions

The Federal Government and New York State provide funds for a significant portion of the cost of capital purchases made by the Organizations. When these capital assets are recorded, the governments' portion of the funding is reflected in the accompanying statements of revenue, expenses and changes in net position as federal and state capital contributions.

Income Taxes

The Authority and the Organizations are public benefit corporations and are exempt from federal and state income taxes, as well as state and local property and sales taxes.

3. CASH AND INVESTMENTS

Cash and Equivalents

The Authority's cash and equivalents are comprised of the following as of March 31:

	20	021	2020		
	Carrying	Bank	Carrying	Bank	
	<u>Amount</u>	<u>Balance</u>	<u>Amount</u>	<u>Balance</u>	
Bank demand deposits Money market funds U.S. Treasury notes	\$ 1,919,480 29,615,378 	. , ,	\$ 1,485,803 2,741,448 8,659,995	\$ 1,885,295 2,741,448 8,659,995	
	<u>\$ 31,534,858</u>	<u>\$ 31,992,869</u>	<u>\$ 12,887,246</u>	<u>\$ 13,286,738</u>	

Collateral

As of March 31, 2021 and 2020, the reported amount of the Authority's collateral balance was \$39,795,344 and \$7,850,041, respectively, and the bank balances that required collateral coverage were \$38,997,713 and \$7,707,655, respectively, which included \$7,004,844 and \$3,080,912, respectively, of money market funds held for investment.

As of March 31, 2021 and 2020, collateral of \$615,572 and \$586,367, respectively, was covered by federal depository insurance and \$39,179,771 and \$7,263,674, respectively, was covered by collateral held by pledging bank or a third-party custodian in the Authority's name. The Authority's investments in government securities are secured by a guarantee from the United

States Treasury Department, and its investments in certificates of deposit are fully covered by federal depository insurance, as the amounts invested at any one financial institution do not exceed the federal depository insurance limits.

Investments

The Authority's investments are made in compliance with New York Public Authorities Law Sections 2856, 2890, 2925, 122-gg(4) and 1299-II, and Office of the State Comptroller Investment Guidelines for Public Authorities and State Agencies at 2 NYCRR Part 201.

In accordance with this law and its own Investment Policy, the following is a list of investments the Authority is permitted to invest in:

- Certificates of Deposit with commercial banks or trust companies doing business in New York State and which are also Members of the Federal Deposit Insurance Corporation.
- Time Deposit, Demand Deposit, and Deposits in "Money Market" accounts of commercial banks or trust companies authorized to do business in New York State and which are also members of the Federal Deposit Insurance Corporation.
- Obligations of New York State or the United States Government or obligations the principal and interest of which are guaranteed by the New York State or the United States Government and which have a liquid market with a readily determinable value equal at all times to the amount of the investment.
- Repurchase Agreements for no more than 90 days involving the purchase and sale of direct obligations of the United States of America. The purchase price shall be the present market value of the securities and not the face value. Securities purchased through a Repurchase Agreement shall be valued to market at least weekly.

The Authority categorizes its fair value investments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1: Valuations based on quoted prices in active markets for identical assets or liabilities that the Authority has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. For the fiscal years ended March 31, 2021 and 2020, to the extent it has had such investments in its portfolio, the Authority has classified its certificates of deposit and obligations of the United States Government as Level 1 and its money market funds as Level 2 for purposes of fair value determination.

		Investment Maturities (in Years)			
	Fair Value	Less Than 1	<u>1-5</u>	<u>5-10 Years</u>	
Money Market Funds Certificates of Deposit United States Treasury Notes	\$ 11,191,612 11,154,943 <u>7,271,131</u>	\$ 11,191,612 2,761,531 <u>1,120,485</u>	\$ - 8,393,413 <u>6,150,646</u>	\$	
	<u>\$ 29,617,686</u>	<u>\$ 15,073,628</u>	<u>\$ 14,544,059</u>	<u>\$</u>	

As of March 31, 2021, the Authority's investments consisted of the following:

As of March 31, 2020, the Authority's investments consisted of the following:

		Investment Maturities (in Years)			
	<u>Fair Value</u>	<u>Less Than 1</u>	<u>1-5</u>	<u>5-10 Years</u>	
Money Market Funds Certificates of Deposit United States Treasury	\$ 5,210,655 10,872,571	\$ 5,210,655 3,506,799	\$- 7,093,839	\$ - 271,933	
Notes	14,885,780	7,431,868	5,201,657	2,252,255	
	<u>\$ 30,969,006</u>	<u>\$ 16,149,322</u>	<u>\$ 12,295,496</u>	<u>\$ 2,524,188</u>	

Accrued interest on investments of \$92,171 and \$112,281 is included in interest receivable on the statement of net position as of March 31, 2021 and 2020, respectively.

Changes in Fair Value

The net increase in the fair value of investments during 2021 and 2020 was \$233,011 and \$1,127,540, respectively. This amount takes into account all changes in fair value (including purchases and sales) that occurred during the year. The unrealized net gain (loss) on investments held at March 31, 2021 and 2020 was \$(217,385) and \$588,814, respectively.

Custodial Credit Risk

Custodial credit risk for cash deposits, cash equivalents, money market funds or investments is the risk that, in the event of failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority manages custodial credit risk for cash deposits, cash equivalents and money market funds as described above under "Collateral" and for investments based on the criteria listed above under "Investments" and requires that all investments or collateral securities are registered in the Authority's name and held in the custody of the bank or bank's trust department.

Credit Risk

Credit risk for cash deposits, cash equivalents, money market funds or investments is the risk that in the event of a financial institution failure, the Authority's deposits may not be returned. The Authority's investment policy requires that deposits, money market funds and certificates of deposit which exceed the amount insured by the FDIC be collateralized by obligations of the United States, or obligations of Federal Agency's, the principal and interest of which are guaranteed by the United States or obligations of New York State. As of March 31, 2021 and 2020, the Authority's investments in United States Treasury Notes were all rated AAA by a

nationally recognized rating organization and its investments in certificates of deposit did not exceed the amount insured by the FDIC at any one institution.

Interest Rate Risk

Interest rate risk is the risk that the fair value of the Authority's investments will decrease as a result of an increase in interest rates. As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority's Investment Policy states that it is to consider protection of principal, then cash flow requirements, and finally yield requirements. To the extent each is present in its investment portfolio, the Authority has the ability to liquidate its investments daily for money market funds, United States Treasury Notes and New York State Municipal Securities and with up to twenty days notice for its mortgage backed asset securities. In addition, the Authority looks to invest in securities that have a history of making prepayments of interest prior to maturity to ensure a consistent stream of cash flows.

Concentration of Credit Risk

The Investment Policy places no limit on the amount the Authority may invest in any one issuer. As of March 31, 2021 and 2020, all of the Authority's cash equivalents were held with M&T Bank and its subsidiaries. As of March 31, 2021 and 2020, the Authority's investments were 37.8% and 16.8%, respectively, invested in money market funds, 37.7% and 35.1%, respectively, invested in certificates of deposit, and 24.5% and 48.1%, respectively, invested in United States Treasury Notes.

Designations

The Authority's cash equivalents (consisting of money market funds and U.S. Treasury notes with a maturity of one month), government securities and certificates of deposit amounts are designated by the Board of Commissioners for working capital, self-insurance, capital expenditures, other postemployment benefits and para transit.

The Authority's cash equivalents, government securities and certificates of deposit were designated as of March 31, 2021:

	Cash <u>Equivalents</u>	Se	Government ecurities and ertificates of <u>Deposit</u>	<u>Total</u>
Working capital Self-insurance reserve fund Para transit reserve fund Other postemployment benefits	\$ 29,615,378 1,376,478 1,037,799	\$	10,996,878 2,681,982 2,275,395	\$ 40,612,256 4,058,460 3,313,194
reserve fund	 4,687,127		6,658,587	 11,345,714
Total	\$ 36,716,782	<u>\$</u>	22,612,842	\$ 59,329,624

The Authority's cash equivalents, government securities and certificates of deposit were designated as of March 31, 2020:

		Cash <u>Equivalents</u>	Se	overnment ecurities and ertificates of <u>Deposit</u>		<u>Total</u>
Working capital Self-insurance reserve fund Para transit reserve fund Other postemployment benefits	\$	11,401,444 1,375,016 1,036,696	\$	10,894,833 2,651,526 2,249,576	\$	22,296,277 4,026,542 3,286,272
reserve fund		4,682,146		6,583,895		11,266,041
Total	<u>\$</u>	18,495,302	\$	22,379,830	<u>\$</u>	40,875,132

4. CAPITAL ASSETS

Capital assets consisted of the following as of March 31, 2021 and 2020:

	March 31, <u>2020</u>	Additions	Impairments and <u>Retirements</u>	<u>Transfers</u>	March 31, <u>2021</u>
Capital assets not being depreciated:					
Land	\$ 5,156,106	\$ -	\$ -	\$ 68,411	. , ,
Construction-in-process	10,087,230	27,820,743	(9,271)	(32,721,741)	5,176,961
Total capital assets not being depreciated	15,243,336	27,820,743	(9,271)	(32,653,330)	10,401,478
Capital assets being depreciated:

5. PENSION PLANS

New York State and Local Employees' Retirement System

All of the employees of the RGRTA and GTCS participate in the New York State and Local Employees' Retirement System (the System or NYSLERS), which includes 16 active and inactive members at March 31, 2020. The System is a cost-sharing multiple-employer retirement system. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (NYSRSSL). As set forth in the NYSRSSL, the Comptroller of the State of New York (Comptroller) serves as sole trustee and administrative head of the System. The Comptroller shall adopt and may amend rules and regulations for the administration and transactions of the business of the System and for the custody and control of its funds. The System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the New York State and Local Employees' Retirement System, Governor Alfred E. Smith Office Building, Albany, New York, 12244.

The total payroll for the Authority's employees covered by the System for the years ended March 31, 2021 and 2020 was \$1,557,479 and \$1,459,678, respectively. The GTCS payroll for employees covered by the System for the years ended March 31, 2021 and 2020 was \$620,530 and \$538,974, respectively.

The Authority's proportionate share of the System's net pension liability at March 31 consisted of:

	<u>2021</u>	2020
RGRTA	0.0057877%	0.0060155%
GTCS	0.0026331%	0.0024003%

Membership, benefits, and employer and employee obligations to contribute are described in the NYSRSSL using the tier concept. Pension legislation established tier membership by the date a member last joined the Retirement Systems and are as follows:

- Tier 1 Those persons who last became members before July 1, 1973.
- Tier 2 Those persons who last became members on or after July 1, 1973, but before July 27, 1976.
- Tier 3 Generally those persons who are State correction officers who last became members on or after July 27, 1976, and all others who last became members on or after July 27, 1976, but before September 1, 1983.
- Tier 4 Generally, except for corrections officers, those persons who last became members on or after September 1, 1983, but before January 1, 2010.
- Tier 5 Those persons who last became members on or after January 1, 2010, but before April 1, 2012.
- Tier 6 Those persons who last became members on or after April 1, 2012.

New York State and Local Employees' Retirement System (Continued)

Tier 3 and Tier 4 members are required to contribute 3% of their wages to the plan for 10 years. Tier 5 members are required to contribute 3% of their salary for the length of their employment. Beginning April 1, 2013, the contribution rate for the Tier 6 members varies based on each member's annual compensation varying between 3% and 6%. The plan cannot be diminished or impaired. Benefits can be reduced for future membership only by an act of the New York Legislature. Under the authority of the NYSRSSL, the Comptroller shall certify annually the rates expressed as a percentage of payroll of members, which shall be used in computing the contributions required to be made by employers to the pension accumulation fund. The Authority and GTCS contributions for fiscal years 2021, 2020 and 2019 were equal to the required contributions for the year and were as follows:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
RGRTA GTCS	\$ 241,301 <u>81,126</u>	\$ 259,968 76,172	\$ 253,931 <u>65,918</u>
	\$ 322,427	\$ 336,140	\$ 319.849

NYSLERS is included in the State's financial report as a pension trust fund. That report, including information with regard to the benefits provided, may be found at <u>www.osc.state.ny.us/retire/publications/index.php</u> or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, New York, 12244.

Single Employer Pension Plans

The Authority is the sponsor of four single employer defined benefit pension plans, specifically:

- Retirement Plan for Union Employees of Regional Transit Service, Inc. (RTS Union Plan),
- Retirement Plan for General Administrative and Supervisory (Non-Union) Employees of Regional Transit Service, Inc. (RTS Non-Union Plan),
- Retirement Plan for Union Employees of Lift Line, Inc. (Lift Line Union Plan), and
- Retirement Plan for Non-Union Employees of Lift Line, Inc. and Rural Properties (Lift Line and Regional Entities Non-Union Plan).

These plans provide retirement benefits for 1,330 active and inactive plan participants as of March 31, 2021. Stand-alone financial reports are not issued for any of the above-noted plans.

Each plan provides retirement, disability and death benefits to plan members and beneficiaries. The Board of Commissioners and the Union, if applicable, have the authority to establish and amend the contribution requirements and benefit provisions of each retirement plan.

In addition to providing pension benefits, the RTS Non-Union Plan provides certain postretirement health care and life insurance benefits. In accordance with the RTS Non-Union Plan document, the RTS Non-Union Plan is not required to contribute a portion of the cost if the plan is not funded greater than 120%. During 2021 and 2020, the RTS Non-Union Plan was not funded greater than 120%; therefore, the Plan did not fund this expense.

Participants of the RTS and Lift Line Union Plans are represented by the ATU and are eligible for coverage on their dates of hire for full-time employment. The Authority is contractually obligated to make contributions on behalf of both the RTS and Lift Line Union Plans. In certain years, the contractual obligation could exceed the actuarially calculated annual required contribution.

Summary of Benefits Provided, Contributions and Funding Policy - All Plans

The methods and assumptions used to calculate the actuarially determined and contractually required contributions, as well as the total pension liabilities as of each plan's actuarial valuation dates and then applied to all periods included in the measurement date, are as follows:

	RTS Union Plan	RTS Non-Union Plan	Lift Line Union Plan	Lift Line and Regional Entities Non-Union Plan	NYSLERS
Plan type	Single Employer Defined Benefit Plan	Single Employer Defined Benefit Plan	Single Employer Defined Benefit Plan	Single Employer Defined Benefit Plan	Cost Sharing, Multi-Employer Defined Benefit Plan
Plan valuation date: Plan measurement date:	11/1/2020 and 11/1/2019 3/31/2021 and 3/31/2020	4/1/2020 and 4/1/2019 3/31/2021 and 3/31/2020	4/1/2020 and 4/1/2019 3/31/2021 and 3/31/2020	5/1/2020 and 5/1/2019 3/31/2021 and 3/31/2020	4/1/2019 and 4/1/2018 3/31/2020 and 3/31/2019

Number of active and inactive members as of prior year valuation date	837	269	76	106	17

(a) If additional contributions are required to fund the benefits of the plan, plan members are required to contribute up to 0.5% of their salaries to fund the additional contribution. If further additional contributions are required, they are split equally between plan members and RTS.

(b) RTS' policy is generally to contribute annually an amount equal to the net employer normal cost. (c) The amortization method used for all plans incorporates equal payments of principal and interest.

(d) The percentage used is increased, as defined in the plan, for employees with more than 20 years of credited service with the employer.

(e) Effective for the RTS Non-Union Plan after March 31, 2015, all new hires are required to contribute 3% of their annual wages.

Expected Rate of Return on Investments - All Plans

The long-term expected rate of return on the Authority's pension plan investments was determined using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. This is then modified through a Monte-Carlo simulation process, by which a downward risk adjustment is applied to the baseline expected return.

The long-term expected rate of return on pension plan investments for each of the Authority's pension plans and the NYSLERS plans, along with the target asset allocation of each of the funds and the weighted-average real and total expected rates of return (except for NYSLERS, for which only the weighted average real rates were provided) for the fiscal year ended March 31, 2021 are summarized in the following tables:

Net Pension Liability - Single Employer Pension Plans

The Authority's net pension liabilities for each of the pension plans reported at March 31, 2021 and 2020 were measured as of the Authority's fiscal year end. The total pension liabilities used to calculate those net pension liabilities were determined by actuarial valuations as of each pension plan's valuation date, and rolled forward to the Authority's fiscal year end.

Changes in the Net Pension Liability and Related Ratios - Single Employer Pension Plans

Changes in the Authority's pension plans for the year ended March 31, 2021, based upon the measurement dates noted above, are as follows:

	RTS Union <u>Plan</u>	RTS Non- <u>Union Plan</u>	Lift Line Union <u>Plan</u>	Lift Line and Regional Entities Non- <u>Union Plan</u>

Net pension (asset) liability	\$ 3,264,873	\$ (3,213,086)	\$ (8,962,719)	\$ 16,617,494	\$ 10,534,584	\$ 5,260,999			

RTS Non-Union Plan

	N	larch 31, 2021		March 31, 2020					
	C	Current Discount	t	Current					
	1% Decrease	Rate	1% Increase	1% Decrease Discount Rate 1% Increase					
Discount rate	5.75%	6.75%	7.75%	6.10% 7.10% 8.10%					
Net pension (asset) liability	\$ 3,024,242	\$ 61,792	\$ (2,485,658)	\$ 7,641,170 \$ 4,704,533 \$ 2,216,507					

Lift Line Union Plan

	1	March 31, 2021				March 31, 2020						
		Current Discount				Current						
	1% Decrease	Rate	1% Increase	1% Decrease Discount Rate 1		19	6 Increase					
Discount rate	6.25%	7.25%	8.25%	6.25%		7.25%		8.25%				
Net pension (asset) liability	\$ (278,092)	\$ (877,992)	\$ (1,399,380)	\$ 590,39	3 \$	84,447	\$	(354,220)				

Lift Line and Regional Entities Non-Union Plan

		March 31, 2021				March 31, 2020						
		Current Discount				Current						
	1%	Decrease		Rate	1% Increase		1%	Decrease	Discount Rate		1% Increase	
Discount rate		5.75%	6.75%		7.75%			6.10%		7.10%		8.10%
Net pension (asset) liability	\$	414,517	\$	(39,040)	\$	(443,037)	\$	808,464	\$	451,512	\$	147,204

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Authority contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Therefore, the long-term expected rates of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of RGRTA and GTCS Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - NYSLERS

The following presents RGRTA's and GTCS' share of the net pension liability for NYSLERS using the current discount rate, as well as the proportionate share of the net pension liability if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

6. OTHER POSTEMPLOYMENT BENEFITS

Plan Description and Benefits Provided

The Authority provides certain postemployment insurance benefits to retired RTS union employees and non-union employees of RTS and RGRTA hired on or before August 4, 2016. These benefits are provided and can be amended based upon collective bargaining agreements as well as established practices which together constitute a substantive plan (the Plan). The Authority combines the two plans and administers as a single employer defined benefit other postemployment benefit (OPEB) Plan.

Employees are eligible to participate if they meet the criteria for normal retirement (age 65 and minimum 10 years of service for union, and age 62 and minimum 10 years of service for nonunion), disability retirement (15 years of service for union and non-union) or early retirement (age 55 and minimum 25 years of service for union, age 55 and minimum 15 years of service for non-union). The Plan does not issue a stand-alone financial report since there are no assets legally segregated for the sole purpose of paying benefits under the Plan.

Funding Policy

Currently, the Plan is funded by the Authority on a pay-as-you-go basis. As of the date of these financial statements, New York State has not yet adopted legislation that would enable government entities to establish a GASB qualifying trust for the purpose of funding OPEB benefits. Pending such legislation, the Authority established an OPEB reserve fund in 2007. As a result, there are no assets accumulated in a trust that meets the criteria of GASB 75, paragraph 4.

Employees Covered by Benefit Terms

At April 1, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	264
Inactive employees entitled to but not yet receiving benefits	-
Active employees	407
Total participants	671

Total OPEB Liability

The Authority's total OPEB liability of \$154,464,314 and \$148,049,462 was measured as of March 31, 2021 and 2020, respectively, and was determined by an actuarial valuation as of April 1, 2019.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the April 1, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs applied to all periods included in the measurement, unless otherwise specified:

Reporting Dates Measurement Dates	March 31, 2021 and 2020 March 31, 2021 and 2020
Actuarial Valuation Date	April 1, 2019
Discount Rate	2.27%
Rate of Compensation Increase	2.00%
Inflation Rate	2.90%
Actuarial Cost Method	Entry Age Normal
Amortization Method	Straight Line
Amortization Period	5.45 years

6. OTHER POSTEMPLOYMENT BENEFITS (Continued)

Actuarial Assumptions and Other Inputs (Continued)

The discount rates were based on the index provided by *Bond Buyer 20-Bond General Obligation Index* based on the 20-year AA municipal bond rates as of April 1, 2019.

Mortality rates were based on the sex-distinct RP-2014 Mortality Tables for employees and healthy annuitants, adjusted backward to 2006 with scale MP-2014, and then adjusted for mortality improvements with scale MP-2019 mortality improvement scale on a fully generational basis. Assumptions were based on a review of published mortality tables and the demographics of the Plan.

The actuarial assumptions used in the April 1, 2019 valuation were based on the types of benefits provided under the terms of the substantive plan at the time of the valuation and on the pattern of cost sharing between the employer and plan members.

Changes in the Total OPEB Liability

Changes in the total OPEB liability were as follows for the fiscal years ended March 31:

	<u>2021</u>	2020
Balance – April 1 Changes for the year:	\$ 148,049,462	\$ 114,878,155
Service cost	6,688,921	6,540,453
Interest Assumption changes	3,319,931 -	3,179,956 32,255,292
Difference between actual and expected experience Change in actuarial cost method	-	(5,290,167)
Benefit payments Balance – March 31	<u>(3,594,000)</u> <u>\$ 154,464,314</u>	<u>(3,514,227)</u> <u>\$ 148,049,462</u>

Changes in assumptions reflect a change in the discount rate from 3.89% as of April 1, 2017 to 2.27% as of April 1, 2019.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the Authority, as well as what the Authority's total OPEB liability would be if it were calculated using a discount rate that is 1% higher (3.27%) or 1% lower (1.27%) than the current discount rate (2.27%).

	<u>1% Decrease</u>	Current	<u>1% Increase</u>
March 31, 2021	\$ 183,034,826	\$ 154,464,314	\$ 131,684,777
March 31, 2020	\$ 175,740,014	\$ 148,049,462	\$ 126,021,071

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the Authority, as well as what the Authority's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% higher (7.10%) or 1% lower (5.10%) than the current healthcare cost trend rate (6.10%).

	<u>1% Decrease</u>	<u>Current</u>	<u>1% Increase</u>
March 31, 2021	\$ 127,692,667	\$ 154,464,314	\$ 188,879,545
March 31, 2020	\$ 123,296,094	\$ 148,049,462	\$ 179,768,583

6. OTHER POSTEMPLOYMENT BENEFITS (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The Authority recognized OPEB expense of \$14,868,211 and \$14,579,768 for the fiscal years ended March 31, 2021 and 2020, respectively.

During the fiscal year ended March 31, 2021, the Authority recognized the following deferred inflows and outflows of resources:

	Actual vs Expected <u>Experience</u>	Assumption Changes	Plan <u>Changes</u>	Expected Return on <u>Investments</u>	<u>Total</u>
Deferred Outflow Deferred Inflow	\$- (3,348,821)	\$ 20,418,490 (202,363)	\$-	\$ - -	\$ 20,418,490 (3,551,184)

During the fiscal year ended March 31, 2020, the Authority recognized the following deferred inflows and outflows of resources:

			Attributable to		
	Actual vs Expected <u>Experience</u>	Assumption <u>Changes</u>	Plan <u>Changes</u>	Expected Return on <u>Investments</u>	<u>Total</u>
Deferred Outflow Deferred Inflow	\$ - (4,319,494)	\$ 26,336,891 (290,732)	\$-	\$ - -	\$ 26,336,891 (4,610,226)

Amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows during the fiscal years ending March 31:

		Amortization of				
Marsh 04, 0000	Actual vs Expected Experience	Assumption Changes	Plan <u>Changes</u>	Expected Return on Investments		
March 31, 2022 March 31, 2023	\$ (970,673) (970,673)	\$ 5,830,032 5,830,032	\$-	\$ -		
March 31, 2023	(970,673)	5,830,032	-	-		
March 31, 2025	(436,802)	2,663,287	-	-		
Thereafter	-	-	-	-		

7. SELF-INSURANCE

The Authority maintains aggregate automobile liability insurance coverage of \$15,000,000, including the first \$1,500,000 per incident for which the Authority is self-insured. The Authority is also self-insured for workers' compensation, health insurance, environmental claims, and certain forms of property damage. The Authority has set aside assets for claim settlement and servicing and with regard to health insurance, carries stop-loss insurance that limits the Authority's exposure to \$200,000 per individual claimant. All component units of the Authority are covered by these assets.

Claims liabilities are recorded when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. Annually, the Authority engages an actuary to perform a study to estimate the potential exposure related to incurred but not reported claims for workers' compensation.

The information below summarizes the workers' compensation activity for the years ended March 31, 2021 and 2020:

		<u>2021</u>		<u>2020</u>
Balance – April 1 Current year claims and changes in estimates Claims payments	\$	7,370,000 979,289 (619,289)	\$	7,370,000 747,157 <u>(747,157</u>)
Balance – March 31	<u>\$</u>	7,730,000	<u>\$</u>	7,370,000

The information below summarizes the reserve for litigated and unlitigated claims activity for the years ended March 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Balance – April 1 Current year claims and changes in estimates Claims (payments)/recoupments	\$ 2,743,048 803,277 465,107	\$ 2,986,770 658,322 (902,044)
Balance – March 31	\$ 4,011,432	\$ 2,743,048

The information below summarizes the reserve for health insurance activity for the years ended March 31, 2021 and 2020:

		2021	2020
Balance – April 1 Current year claims and changes in estimates Claims recoupments	\$	1,467,575 7,832,834 (8,537,835)	\$ 587,575 8,370,962 (7,490,962)
Balance – March 31	<u>\$</u>	762,574	\$ 1,467,575

7. SELF-INSURANCE (continued)

Changes in the investments designated for self-insurance during the years ended March 31, 2021 and 2020 are as follows:

		<u>2021</u>	<u>2020</u>
Balance – April 1 Uses of self-insurance investments Earnings on self-insurance investments, net	\$	4,026,542 - 31,918	\$ 3,868,653 - 157,889
Balance – March 31	<u>\$</u>	4,058,460	\$ 4,026,542

The amount of assets segregated for self-insurance has been estimated by the Authority based upon past experience and consideration of current outstanding issues and is not the result of an actuarially-determined methodology.

8. CAPITAL RESERVE FUND

In fiscal 1999, the Board of Commissioners authorized the establishment of a capital reserve fund to accumulate resources for future capital purchases. The capital reserve was funded initially from unrestricted net assets. During fiscal 2000 and 2007, \$1,200,000 and \$1,000,000, respectively, was added to the capital reserve fund from additional Statewide Mass Transit Operating Assistance (STOA) funding. Otherwise, the capital reserve fund has been funded with amounts budgeted for local depreciation, to the extent practicable.

Changes in the investments designated for capital reserve during the years ended March 31, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Balance – April 1 Additional funding from unrestricted net position Temporary funding from working capital Investment earnings Local share of capital purchases	\$ - 4,608,987 - (4,608,987)	\$ - 1,552,336 - (1,552,336)
Balance – March 31	\$ <u> </u>	\$ <u> </u>

9. COMMITMENTS

Fuel Swap

The Authority entered into contracts with Cargill to reduce the risk of price volatility for diesel fuel supply for the periods shown below. The Authority has treated each of these contracts as a normal purchase contract and accordingly, has determined that they are not subject to the requirements of GASB statement No. 53, *Accounting and Reporting for Derivative Instruments*.

The swap contracts for the years ended March 31, 2021 and 2020 covered approximately 66% of the Authority's fuel purchases establishing a cap on fuel cost per gallon for that portion of fuel needs. The balance of the Authority's fuel supply needs were purchased via the spot market to take advantage of market prices that fall below the fixed price swap amount per gallon.

9. COMMITMENTS (continued)

Terms

The terms of the Authority's fuel swap contracts were as follows:

Notional <u>Amount</u>	Counter- Party Credit <u>Rating *</u>	Effective <u>Date</u>	Maturity <u>Date</u>	Terms
113,400 Gallons of Diesel Fuel per Month	A	4/1/2020	3/31/2021	Pay \$2.039 per gallon of diesel fuel, receive floating price NY Harbor Ultra Low Sulfur Diesel Fuel price back.
113,400 Gallons of Diesel Fuel per Month	A	4/1/2019	3/31/2020	Pay \$1.9200 per gallon of diesel fuel, receive floating price NY Harbor Ultra Low Sulfur Diesel Fuel price back.

* As noted by Standard and Poors.

During fiscal 2021, the Authority made \$1,016,424 in net cash payments to Cargill. During fiscal 2020, the Authority received \$107,265 in net cash payments from Cargill.

Credit Risk

The Authority is exposed to credit risk related to the fuel swap when it is in an asset position. In such instances, the total amount of the fuel swap contract represents the maximum loss that would have been recognized at the reporting date if Cargill failed to perform. The Authority has entered into a collateral support agreement with Cargill to mitigate the risk of non-performance during the period the fuel swap is in effect.

The collateral agreement requires that if the performance exposure and, the position market value of the fuel swap, were to exceed \$7,500,000, then either party may demand the other party transfer collateral at least equal to the excess exposure. The collateral shall be in the form of U.S. dollars and held in a bank account in the United States.

The fuel swap could terminate at any time if certain events occur that result in one party not performing in accordance with the agreement. The fuel swap may terminate due to illegality, a credit event upon merger, or an event of default and illegality. If the fuel swap is in a liability position at the time of termination, the Authority would be liable for a payment equal to the liability.

10. CONTINGENCIES

The Authority and certain Organizations are defendants in various personal injury, property damage liability and labor dispute lawsuits. It is not possible at this time to predict the outcome of the legal actions currently in process or pending against the Authority and the Organizations. In the opinion of management, however, the disposition of the lawsuits will not have a material adverse effect on the financial position of the Authority and the Organizations.

11. SOIL REMEDIATION LIABILITY

Pollution remediation obligations, which are estimates and subject to changes resulting from price increases or reductions, technology, or changes in applicable laws or regulations, occur when any one of the following obligating events takes place:

- An imminent threat to public health due to pollution exists,
- The Authority is in violation of a pollution prevention-related permit or license,
- The Authority is named by a regulator as a responsible or potentially responsible party to participate in remediation,
- The Authority is named or there is evidence to indicate that it will be named in a lawsuit that compels participation in remediation activities, or
- The Authority voluntarily commends or legally obligates itself to commence remediation efforts.

In 2009, the Authority identified and estimated costs related to a remediation obligation and accordingly, recorded a non-operating expense and corresponding liability for soil contamination remediation obligations. The soil remediation liability consists of future and present activities associated with the de-contamination of the soil at the Authority's operations headquarters. This liability could change over time due to changes in costs of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation efforts.

The Authority had the following activity related to soil remediation for the years ended March 31:

		<u>2021</u>	<u>2020</u>
Soil remediation liability – April 1 Expected additional future outlays, increasing liability	\$	926,204	\$ 928,800
estimates Payments for soil remediation and changes in estimate		- (2,387)	 (2,596)
Soil remediation liability – March 31		923,817	926,204
Less: Current portion		(284,655)	 (284,759)
Long-term soil remediation liability	<u>\$</u>	639,162	\$ 641,445

The Authority has estimated it will expend \$284,655 during the year ending March 31, 2021 and has recorded this amount as a current liability.

12. IMPACT OF NOVEL CORONAVIRUS (COVID-19) PANDEMIC

In March 2020, the first case of novel coronavirus (COVID-19) was reported in the State of New York and shortly thereafter, Monroe County, the largest county in the Authority's service area, reported its first COVID-19 case. Subsequently, the World Health Organization declared the outbreak of COVID-19 a pandemic and following that, New York Governor Cuomo issued a statewide shut down of non-essential businesses. The Authority, following guidance of Local, State and Federal officials, took several steps to ensure customer and employee safety and accordingly, instituted free fares and rear door entry throughout our service area, implemented enhanced vehicle and facility cleaning procedures and directed all non-essential employees to work from home. In July 2020, fare collection and front door entry resumed and non-essential employees began returning to work, while the enhanced cleaning procedures continued. Throughout the course of fiscal 2021, the impact of these measures and the community response to COVID-19 was both operational and financial due to reductions in ridership and multiple revenue streams, as well as State operating assistance.

The Authority's reliance on State funding is noted throughout these financial statements, as well as in our operating budget and future budgetary projections. To support ongoing service and provide near-term financial stability, the following legislation was passed:

- The Coronavirus Aid, Relief, and Economic Security (CARES) Act, passed by Congress and signed by the President on March 27, 2020, made available to the Authority approximately \$45 million in Federal funding, all of which is reflected as Federal operating assistance in these financial statements.
- The Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA), passed by Congress and signed by the President on December 27, 2020, made available to the Authority approximately \$23.5 million in Federal funding, all of which is reflected as Federal operating assistance in these financial statements.
- The American Rescue Plan Act of 2021, passed by Congress and signed by the President on March 11, 2021, made available to the Authority approximately \$45.5 million in Federal funding, which will be reflected in future years' financial statements.

While the uncertainties caused by the pandemic are considered temporary and the funding noted above is adequate to allow the Authority to support ongoing service and provide near-term financial stability, the longer-term financial impact on our essential service, public transportation, is still not reasonably predictable at this time as ridership across the industry has still not recovered to pre-pandemic levels.

13. CONDENSED FINANCIAL INFORMATION

The financial statements of the Authority include the accounts of RGRTA, and its ten (10) blended component units for which the Authority is financially accountable, as more completely described in Note 1, "Basis of Presentation". Condensed financial information for each of these entities as of March 31, 2021 is as follows:

Notes to schedule:												

Changes in assumptions.

Changes in assumptions and other inputs reflect the effects of changes in the discount rate each period.

	The following reliects th	ie discourti rai	le useu each pe	nou.	
					Information for the periods prior to implementation of GASB 75 is unavailable and will
Discount Rate	2.27%	2.27%	3.89%	3.86%	be completed for each year going forward as they become available.

Plan assets.

No assets are accumulated in a trust that meets all of the criteria of GASB No. 75, paragraph 4, to pay benefits.

REQUIRED SUPPLEMENTARY INFORMATION

SCHEDULE OF NET PENSION LIABILITY FOR ALL EMPLOYER-SPONSORED PENSION PLANS FOR THE YEAR ENDED MARCH 31,

The schedule of changes in the Authority's net pension liability and related ratios for each of its defined benefit plans is as follows:

Note: This is a 10-year schedule. However, the information in this scheduled is not required to be presented retroactively. Years will be added to this schedule in future years until 10 years of information is available.
